RE: Martin-Marrietta Cement
Leamington Cement Plant
ACT/023/004

Dear Mr. Berg:

The Board of Oil, Gas and Mining, at its June, 1980, Executive Session, approved the Mined Lands Reclamation Bond form proposed by Martin-Marrietta Cement for the Leamington Cement Plant. The Division of Oil, Gas and Mining, on June 6, 1980, proposed an appendix to the bond held by the U.S. Forest Service, Fishlake National Forest. A copy of this is enclosed for your records.

Martin-Marrietta Cement has now fulfilled all requirements under the Utah Mined Land Reclamation Act for the Leamington Cement Plant. Further, during the 30 day public comment period subsequent to publication of the Division's tentative approval of the mining and reclamation plan for this operation, no adverse public comments were received.

The Division therefore issues final approval to Martin-Marrietta Cement for the Leamington Cement Plant and operation may now commence.

Please notify the Division within 30 days of commencement of operations as required under Section 40-8-15 of the Utah Mined Land Reclamation Act. Also under this Section it is required that an annual Operations and Progress Report be submitted at the end of each calendar year for all active operations.

Should you have any questions relative to this final approval, please feel free to contact the Division.

Sincerely,

RONALD W. DANIELS
DEPUTY DIRECTOR
